Sale of Plant & Equipment

Niuminco Group Limited announces that it has sold part of the plant and equipment at Edie Creek and will dismantle, sell and write off the remaining plant as it will not be required for future operations. The effect of the write off will be announced when finalised and will be incorporated in the year end accounts.

At the present moment Mincor Resources N.L., the Group's joint venture partner at Edie Creek has a number of personnel carrying out exploration work there and it is anticipated that drilling of the project will commence within the next 3 months.
